Just A thought if you have a lot to say about a particular subject...

Thank you for the information. I never really thought about that, nor did I know that we can include links in our posts. I have many articles around the internet that might be useful and will only post links to the ones directly related to what we have going on here. thanks again.

Its seems I have not been very clear on this one.

I don't mean to link to articles around the web

What I meant was, for you to add your article to this site.. <http://www.ecoholisticcommunity.com/add-an-article/index.html>

And then link to the article... like so..

<http://www.ecoholisticcommunity.com/massage/massage-articles/swedish-massage-tips.html>

Also feel to add a signature to the bottom of your article
